St. Joe State Park has 14 miles of trails for bicyclists and hikers. Harris Branch and Blankshire trail are right off Pimville Road. When you first pull into the park you will see Harris Branch trail off to the right. Blankshire trail is toward the back on Pimville Road. There is also a Lakeview trail which is next to the Pim Day-Use Area. You will find a few more trails as you tour the park, and most trails have a restroom.
